# REVO ENHANCEMENTS

tem	Description	Due date	Complete	Nic's Comments
2 <sup>nd</sup> Club	Maintain highest level – so membership does not change		Yes	
Fill-ins	Need to be able to add fill-ins to teams for pennants		Yes	
Larger text	Live Scoring needs larger text		Yes	
Font/contrast	Live scoring is really difficult to read as there is no contrast and writing is still small (feedback from League meeting last Wed)		TBC?	This is new to us. We spoke about how we increased the font size when we met. If this requires further consideration we'll need to pick it up in new year.
Auto Emails – fixture	Remove the auto emails that are sent to players when a fixture is released – very confusing		Yes	As discussed, we can close this off before Xmas
Game Score	Need to be able to see what the game score is during the whole match	31/12/2025	Yes	Complete. Will be live by end of week.
Match Names	Need to see the players' names next to Match #1 - so players can see who they are marking		Yes	Complete. Will be live by end of week.
Game #4 & #5	Need to be hidden or removed or collapsed when the match is finished – very confusing having it remain on the screen		Yes	Built, currently in testing. Will be by Jan 25 <sup>th</sup> .
Undo button	When selecting players for team events, once a player is selected, there is no way of going back or undoing if a mistake is made			This sounded really simple until we looked at it. Need our Squash Comps engineers to run lead, he's back next week. Expected due date 6 <sup>th</sup> Feb.
Finding the draw	As end users don't know who runs which comp (State or club) they are not sure where to go to find their match ups – suggested a button is put on the event at State level as player do know where and how to enter events – would be good to see the draw from this same point			Part of a larger project later in Q1
Ladders	Ladders need to be accessible from within the event too (standard and detailed)			Part of a larger project later in Q1
SL rankings	As pennants and league require players to play in ranking order, not being able to see the players rankings is EXTREMELY frustrating, as players need to go in and out of different websites to find rankings – in order to play in order. Rankings need to integrate with Revo			As discussed, we need to lean to you & Rob to push Squash Levels to support with their API

# SQUASH STARS

1. Squash has been asking for a “national” program like little nippers, net set go, etc - Squash stars is now here in both schools and clubs
2. We will continue to work with SQA on getting this into schools and clubs
3. Continuing to run our school programs, while we have the Healthway funding.
4. Now using Rebound Nets instead of inflatables

## **DISCIPLINARY PANEL AND TRIBUNAL - MARSHALL**

- SQA looking at taking on all Disciplinary issues at National level.
- SQA have requested expressions of interest – SWA will forwarded to all clubs this week
- Keep sanctions consistent across the country
- Trial a Marshall idea at tournaments

1. Why is membership so important?
  - a. Mandurah scenario
  - b. income source
2. Volunteering is getting less and less
3. Insurance - not just for injury, protection from litigious society
4. MOST importantly - **investing** in our sport....

# TOURNAMENTS

1. Tournament Calander
  - a. Does get updated regularly.  
Please check the web for latest versions
2. Junior Tournament uniformity, Bronze & Silver – to comply to AJST Policy
  - a. Sport Integrity – Child safety
3. Squash WA will work more closely with clubs that wish to include Bronze and Silver divisions
4. WEST COAST – Portable Air Cons – no excuse – please register
